

## **The Cleaning Station by Clean Holdings Wins ISSA 2010 Innovation Award**

Clean Holdings, LLC is proud to accept the ISSA 2010 Innovation Award in the Supplies/Accessories category. The Cleaning Station is the only all-in-one sanitizing system and the ultimate ergonomic organizer.

**Lincolnwood, IL, USA, October 5, 2010** -The votes are in for the 2010 ISSA Innovation Award program! The winner in the Supplies/Accessories category is The Cleaning Station.

### **About The Cleaning Station by Clean Holdings:**

The Cleaning Station is the only all-in-one sanitizing system that features either pre-moistened or dry towels, a hidden trash receptacle, hand sanitizer, and built in shelves in a sleek and stylish design.

Created to solve the dilemma of disorganized cleaning equipment for public facilities, The Cleaning Station encourages proper hygiene practices and enhances any décor.

It utilizes a simple process: Pull a Towel, Spray/Wipe a Surface, Toss Trash & Clean Hands, all while promoting good habits and protecting users from germs.

The Cleaning Station is the solution for use in many locations: Fitness Centers, Health Clubs, Medical and Healthcare Offices, Hotel Welcome Desks, Schools, Libraries, Restaurants, Cafes, Elderly Care Facilities, Corporate Offices, Supermarkets, Retail Stores and more.

It's the perfect way to show YOU care about a healthy environment.

### **About The ISSA Innovation Awards:**

*The Innovation Award Program, which returned from a one-year hiatus after being hosted at ISSA/INTERCLEAN North America trade shows in the past, took place in a new online format at ISSA.com from July 15 to September 30. During that time, cleaning-industry distributors, building service contractors, and end-users selected the most innovative offerings from a pool of 49 total entries. Voters had the option to vote for one product in each category.*
